Camnits pitched good ball, but in the third inning poor fielding behind him gave the Reds three runs. Grant's walk and singles by Clarke, Bates and Hobilitzel with a sily-up on a chance for an easy double play and Tinker's sacrifice fly brought the runs in this inning. Miller's triple and Butler's single gave Pittsburg a run in the second. With the bases full Carey doubled in the fifth, and McCarthy's sacrifice fly followed, resulting in two more. Butler's walk, an out and Camnitr's single gave them another in the eighth. Fromme was effective with men on bases.

No less than 14 clubs were after this backstop before we succeeded in getting him, and I guess they would be after him again, too. I shall keep Orr also. I consider him a real comer. He will fit in alcoly as a utility infielder, and he can club some, too. Flick I have released to Chattanooga, and Fritz will shortly be sent to the minors. My team today looks better to me than at any time in the past, and I'm quite sure that we will be up in the race at the time."

It would be mighty hard to cripple the Pirates—to cripple them seriously, says a Pittsburg writer. DOWNWARD DRIFT.

Selling Movement Not Formidable and Loses Not Great.

New York, April 18.—The drift of prices was downward on the Stock Exchange today, although the pressure of seiling was not severe and few import-ant stods: lost more than a point. Trading was of the same listless character as on recent days. There was continued absence of outside specula tive interest, and offerings of

tive interest, and offerings of stocks were principally in the nature of professional short selling.

Bear traders felt that their position was reinferced by the result of the offering of the new St. Paul 41-2 per cent, bonds. The fact that even the comparatively high rate of return was not sufficiently attractive to capital to call forth subscriptions for the entire call forth subscriptions for the entire issue was regarded as significant of the conditions which will confront other applicants for capital. Sale of more than \$20,000,000 of these bends, howover, showed that capital is available, provided borrowers adapt themselves to present conditions. The new St. Paul bonds again sold on the Stock Exchange at 1-4 under the subscrip-

tion price.

There was further pressure on some stocks which have been affected recently by new financing. Baltimore and Ohlo dropped to \$8 1-4, the lowest since 1911. Southern Pacific was sold heavily at times, its weakness being at-tributed to the belief that Union Pa-cific holdings of that stock might be placed on the open market should the latest dissolution plan be approved by the courts. The copper shares also were heavy, and among the specialties there were a number of sharp declines. Mexican Petroleum rose five points, its rength being explained by increase of

the dividend rate from 4 to 8 per cent.

The result of the week's currency movements apparently has been to strengthen the position of the banks, forecasts based on movements pointing to a cash gain of \$6,000,000 or \$7,000,-

Foreign exchange weakened under the influence of lower discounts in Bonds turned downward again. Rock Island collateral fours lost 11-2. Total gales, par value, \$2,485,000. United States bonds unchanged on
